

**“Safety is something that happens between your ears; not something you hold in your hands.”**

- Col. Jeff Cooper

## Firearm Safety, Range Etiquette & Concealed Carry Laws

Owning a firearm won't make you safer. Unless, that is, you know how to use it responsibly.

Designed for new and prospective gun owners, this course teaches the fundamentals of firearm safety for both handguns and long-guns – in the home and on the range – and provides a working understanding of concealed carry laws and firearm transportation.

In this course, you will learn...:

**Firearm Safety.** How to handle handguns and long guns safely and responsibly, on or off the range.

**Gun Storage.** How to keep guns safe, yet accessible, in your home, while ensuring it won't fall into the wrong hands.

**Range Etiquette.** With guns, etiquette isn't just about appropriate behavior, it's about safety. Learn the dos and don'ts, whether practicing on the pistol or rifle range or experiencing your first shotgun match.

**Concealed Carry & Firearm Transport.** Our 2nd Amendment rights exist on a legal minefield. Responsible gun ownership includes understanding the law, particularly if you need to carry or transport your firearm - don't give them an opportunity to strip you of your rights!

This is an interactive lecture, and is **NOT a live fire course**. INPAX offers extensive, hands-on live fire instruction – please refer to the back of this flyer for more info, or visit [www.LiveWithConfidence.Com](http://www.LiveWithConfidence.Com).

### Program Details

**A special program for NSSA members and their guests.**

**Location:**  
NSSA

**Schedule:**  
March 19, 2016  
9 am - 12 pm

**Prerequisites:**  
None. While this course is available to all ages, the material is most appropriate for ages 14 and older.

## About INPAX

INPAX has empowered thousands of individuals with the essential ability to manage violence in the real world. What makes it so different, so effective?

**Simple.** The distillation of 20+ years of research and real-life application, INPAX uses a small, highly focused vocabulary of verbal, non-verbal, and physical tactics that can be applied against a wide array of threats.

**Practical.** Using simple, gross motor processes that are effective regardless of size or strength, INPAX does not require years of continuous practice and athletic ability to achieve real skill.

**Real.** INPAX is a system proven effective under extreme adrenalin and real-world stress, and across the full spectrum of violence – from single opponents to guns, knives and multiple aggressors.

**Smart.** When the stakes are high and seconds count, the unique vertical decision making process that is the foundation of the INPAX system, allows you to know what to do, and how – instantly - no matter what the scenario.

**About the Founder**  
**Sam Rosenberg**  
*Program Developer & Head Instructor*

- Former Marine Corps officer
